Voter List Diskette Layout

This file is an Ascii comma delimited text file, the first row will contain the field names.
Access users choose "First Row Contains Field Names" checkbox to avoid data type conflicts.

• Please note that the **"Formatted Address" is the address to which mail should be sent**. If the voter has a mailing address, then the Formatted Address will be the same as the mailing address. If the voter does not have a separate mailing address, then the residence address will appear in the "Formatted Address".

• Please note that the file comes in address by precinct order. If the file is sorted, the original address by precinct order cannot be recreated. **It is recommended that you make a copy of the original and sort data on the copy.**
